Subject: Re: Historical data on 4t & [REDACTED]

Poloniex yes: We started selling on Poloniex on 4/13/2017

But the others I have written a script to get when we created the trustlines in the wallets, but the ripple servers don't have so much ledger history any more. I tried with the xrpl servers and they throttle because it's soo many transactions to get to when we created the trustlines. I think I will get there with this method but not sure, so I am in parallel trying it look at old source code and emails to see when we did the changes. Been a bit more challenging than I expected. I hope to get something within a day.

[REDACTED] is newer, so that is easy.

Have your guys had any luck compiling the data prior to 2018? Please see message below.

Cheers,

Hi [REDACTED]

Hope you are well. I wanted to updated you. We made some small corrections to the report [REDACTED] sent out yesterday. Please use this version. For data prior to 2018, as [REDACTED] mentioned we are trying to get this from [REDACTED]

Hi [REDACTED]

I shared a spreadsheet with Chris and yourself with the data we currently have access to. If this is insufficient, we will ask [REDACTED] and his team to collate similar data for the years prior. (Unfortunately we do not have access to any of that information since [REDACTED] and I split ways.)

Cheers,

Hi [REDACTED]

Chris' lawyers want to know the reason why you can only get data since mid-2018?

Hi [REDACTED]

We are working on this still. We don't have access to data all the way back to 2015, but we should have it since mid 2018 at least. Even then, it's a big project to collate all the info and determine the relevant jurisdictions at the time. We're hoping to have something to you by tomorrow. Sorry for the delay.

Cheers,

Hi [REDACTED]

I'm working on a project for Chris, we are looking to get some historical data from 4t & [REDACTED] from 2015-2019. We want to know which exchanges were used on all the trades on these two bots since 2015. For 2020, within Tableau, it was easily accessed from the "Daily Sales" tab, the break down on each exchange is what we are looking for (e.g. image below). I looked through the old spreadsheets and can't find it, is this something that you have and can provide to me easily?
